## **LOCAL G-555 CANTON & WOOSTER DISTRICT REP.**

Since being appointed and confirmed by the Executive Committee to fulfill Neal Limbach's unexpired term for the Canton/Wooster District, I've been able to gain mutual aid and support for our District from the leadership of the Local and National Union.

Although I have not been at the shop every single day over the last few months, the special project I've been assigned to will be ending soon. The objective of this project has been to help grow and strengthen our Union.

As you know, I am available via my cell phone and email 24/7 to assist you with any questions or concerns.

I am PROUD to be a Union Rep in one of the best Districts in our system and would greatly appreciate your support.
